We are pleased to announce that the 2019 Annual Doctoral Conference of the Association for the Development of Research in Economics and Statistics (ADRES) is organized by Aix-Marseille School of Economics.

The conference aims at stimulating exchanges between young economists, such as PhD students and post-doctoral researchers, and experienced researchers to discuss scientific contributions and get in touch for future academic positions. The conference will include three plenary sessions with invited keynote speakers and about 40 contributed papers by PhD/post-doctoral students.

KEYNOTE SPEAKERS

Franck Portier, University College London
Michèle Tertilt, University of Mannheim
Romain Wacziarg, UCLA Anderson School of Management

The conference is intended for Economics, Econometrics or Finance PhD candidates or young post-doctoral researchers applying for a position in France/Europe this year. Senior researchers are welcome to attend. We will provide some facilities to encourage meetings between recruiters and applicants. Submissions are welcome in all areas of Economics, Econometrics and Finance.

SUBMISSIONS

◊ Submissions may be uploaded on the website:
http://adres2019.sciencesconf.org

◊ Submissions of a complete paper in pdf format should be received no later than:
December 5th, 2018 by the scientific committee.

A decision will be sent to authors on December 21st, 2018.

Registration deadline is January 26th, 2019.

JOB MARKET

Office space will be made available to senior researchers willing to hold job-market interviews during the conference. Universities and other hiring institutions can post job-market announcements on the conference website, and we will provide them with access to candidates’ CVs.

ASSA/AEA

Candidates who present a paper at the ADRES doctoral conference can apply for a student award of 600 euros if they also participate in the ASSA/AEA job market. The award will cover expenses incurred to attend the ASSA/AEA meeting but will be paid out after the ADRES conference. These awards are competitive and it may not be possible to allocate awards to all students who apply. Proof of participation to the ASSA/AEA meeting will be required.
